## WHO IS CET?

CET Academic Programs is a study abroad organization that has been developing and operating innovative educational programs abroad since 1982. Originally “China Educational Tours,” CET began operations in Beijing, and today offers a varied portfolio of semester, summer, and customized programs around the world. Known for strong academics, professional program management, and supportive student services, CET strives to integrate students into their host communities, adopt environmentally conscientious practices, and promote diversity, equity, and inclusion across all programs and operations.

## WHY GAP WITH CET?

CET programs for gap students allow you to dive into college-level academics while abroad. You study alongside college students from universities throughout the US. You benefit from academically rigorous curricula and dedicated instructors that use the city as your classroom. Doing a CET program as part of your gap year, whether it's for a summer, semester, or full year, gives you the chance to try out your interests before you commit to an academic major or professional industry. You experience the true rigor and independence of a college-level program with the hands-on support of CET on-site staff, local peers, and instructors.

## INTENSIVE LANGUAGE OR INTERNSHIP?

CET programs for gap students can be divided into two tracks: Intensive Language and Language + Internship. Intensive language programs focus on impressive language gains and immersion, while Language + Internship provides language learning and an opportunity for a part-time internship abroad. No matter which track you choose, you can expect a well-rounded experience designed to fulfill your needs as a gap student.
