

INTERNSHIPS ABROAD

BUILD CAREER READINESS

Bring together the best of academic and experiential learning abroad with an internship. CET internships combine your career goals with your academic interests, and immerse you in a professional context. Learn to build and articulate your career skills, while gaining valuable cross-cultural work experience to prepare you for the global workforce.

GAIN PROFESSIONAL EXPERIENCE ABROAD

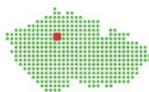

Internships are credit-bearing and available during fall, spring, and summer terms. CET has professional networks in these five locations:

JORDAN

Amman

CZECH REPUBLIC

Prague

GREATER CHINA

Shanghai | Taipei

SPAIN

Barcelona

IN-THE-CLASSROOM MEETS ON-THE-JOB

Your internship course puts your internship placement into context. Readings unpack larger cultural and theoretical issues, and class sessions provide a space to discuss, reflect, and learn from each other's work experiences.

CUSTOM FIT PLACEMENTS

Each city's job market is different, but all offer the opportunity to realize your personal, professional, and academic goals in a range of fields—including finance, journalism, and human rights, just to name a few! And because CET has extensive connections in each of our host communities, we can match your interests, major, academic focus, and language skills with the needs of a local organization.

SUPPORT EVERY STEP OF THE WAY

Once you start your internship placement, we help you navigate the workplace culture and maximize your contributions on the job. Your on-site staff and internship professor are there to help problem-solve any issues that arise. And throughout the term, you learn to take ownership of your experience as you make connections, learn from your peers, and translate your work into an eye-catching résumé or graduate school application.

INTERNSHIP EXAMPLES
