CET Academic Programs

CET Academic Programs is a study abroad organization that has been developing and delivering innovative educational programs abroad since 1982. Originally “China Educational Tours,” CET began operations in Beijing, later expanding to other locations around the world. Today, CET offers a varied portfolio of semester, summer, and short-term customized programs in Asia, Europe, Latin America, and the Middle East for college, high school, and pre-college students.

CET is known for high program standards, strong academics, a nimble and collaborative approach to partnerships, and supportive student services.

Through elements such as field-based course components, internships, community-based learning, and housing with local roommates, CET strives to integrate students into the local community and facilitate lasting relationships with hosts. As an environmentally conscientious organization, CET aims to adopt sustainable measures across its operations. And through its commitment to inclusion, CET seeks and encourages the participation of students from diverse backgrounds, ensuring a welcoming, hospitable program environment that promotes student learning.

Course Requirements and Credits

CET recommends credits based on each course’s level of rigor and number of course contact hours. CET requires that all students attend the program full time and partake in a full load of courses.
