Course Title: Intermediate Italian 1

Course Code: ITAL 2010

Total Hours: 53

Recommended Credits: 3

Primary Discipline: Italian Language

Language of Instruction: Italian

Prerequisites/Requirements: Required for students with 2 semesters of previous Italian language study

Description

This course is aimed at students who have had approximately 2 terms of previous Italian language study or its equivalent. This is an integrated course—students improve proficiency in all four areas of communication (reading, writing, listening and speaking). Grammar structures and vocabulary are learned not as an end in and of themselves but as a means to acquiring ability in these areas. Students use the textbook and other materials, and complete both spoken and written assignments as individuals and in small groups.

Objectives

This course is designed to provide students with an Intermediate knowledge of Italian.

By the end of the course, students are able to:

- Communicate written and orally about familiar topics and daily life.
- Understand the essential point of clear messages spoken/written in Italian.
- Deal successfully with most situations likely to arise while travelling in an area where the language is spoken.
- Function in Italian in the classroom and in general society about day-to-day issues.

Course Requirements

Homework is assigned for each class. Students should complete all assignments on their own before coming to class. Homework may include listening to audio materials, memorizing new patterns and vocabulary, completing written assignments, reviewing material learned in class the day previous, etc. Many assignments are reviewed together in class.

Class attendance is essential to language learning. An absent student misses important information and practice time, and hinders the group work and discussion exercises of classmates. Tardiness is disrespectful to both the professor and students. If a student is more than 10 minutes late to a class, he/she is marked as absent.

Students who know ahead of time that they will be absent should submit homework assignments early. They should also understand that they are responsible for learning the material on their own time.

CET Syllabus of Record

Asking the professor "What did I miss?" is not acceptable. Students may check with classmates about changes in the syllabus, assignments, etc., and ask the professor for any hand-outs.

Methods of Evaluation

Students are evaluated in the four language areas (speaking, listening, reading, writing) through quizzes, written and oral tests and class performance. Class performance refers to *active* participation in class, with both classmates and the professor.

Missed quizzes and exams may not be made up without appropriate documentation of an excused absence from the Resident Director.
